Re: Temporary Approved Fabricator Status for Cimolai S.P.A (Roveredo)  
Plant Location: Roveredo in Piano, PN Italy

Dear Mr. Dicosola,

The Office of Technical Certification and Research (OTCR) has completed the evaluation of your qualifications for approved fabricator status. You have requested temporary Approved Fabricator status in accordance with Buildings Bulletin 2011-009 which establishes guidelines for approval. Accordingly, Cimolai S.P.A (Roveredo) as referenced above has been granted temporary approval as an approved fabricator of steel construction. The temporary approval is granted in accordance with the documents previously submitted including the Plant Certification issued by AISC and is limited to the following exempted special inspection items:

BC 1704.3 Special Inspection for Steel construction

Please be advised that approved fabricators shall comply with Buildings Bulletin 2011-009, including project submissions of the certificate of intent and the certificate of compliance. **This temporary approval may be revoked at any time without cause.**

If you have any question please call Medhat Hanna at 212-393-2071.

Sincerely,

Alan Price, PE  
Director, OTCR
